

Course Outline – Kids Advanced Level A2

This course is for children in primary school, **from 9 years of age or school grade 4 - 6.**

Children will extend the German language from *Der grüne Max Neu 2* through to the next level textbooks *Die Deutschprofis*, which emphasizes age-appropriate and authentic language. The study material is presented in a playful and enjoyable manner and will make children aware of language learning techniques and transfer skills. Grammar, Reading and Writing will be taught more in depth.

Children with some previous knowledge or moving up from the Kids Explorers class, will build on the knowledge attained at that level while new students will soon compete with them in the acquired reading, speaking, listening and writing skills.

The textbook *Die Deutschprofis* is aligned with the language proficiencies outlined in the *Common European Framework of Reference for Languages*.

On successful completion of this course students will move up to the Junior level.
