

Course Outline – Youth Intermediate

Overview

In this course the students will continue to develop and improve the 5 language skills:

- Listening
- Speaking (participate in conversations)
- Recount (tell, relate & recount a story)
- Reading
- Writing

Students will be introduced to the German language through the textbook *Der grüne Max 2 neu*, which emphasizes on creativity and motivation for speaking German. The study material is presented in a colourful and enjoyable manner and will make the student aware of language learning techniques, grammar and sentence structure using everyday situations.

The textbook *Der grüne Max 2 neu* is aligned with the language proficiencies outlined in the *Common European Framework of Reference for Languages*.
